OIL BURNERS
DOMESTIC

FOUR OUTPUTS
SILENT
PERFECT FLAME STABILITY
HIGH PERFORMANCE

The most advanced technology
at the most reasonable price

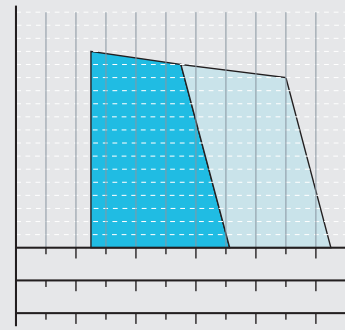

In the design, the quality has prevailed, incorporating:

A pneumatic circuit that enables an easy regulation optimal combustion and low noise level.

Both the regulation of the different regulations and the assembly of the different elements are easy to perform.

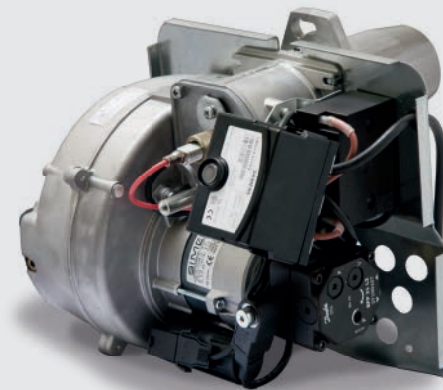

A pre-heater, which provides a better oil spray and high performance, even when the outside temperature is low.

DOMESTIC D4 LN	28.4	47.5	Bas NOx	110	No	12
DOMESTIC D4P LN	28.4	47.5	Bas NOx	110	Yes	12

Supplies: Includes packaged burner; oil filter, hoses and nozzle.

DOMESTIC D3 LN / D4 LN

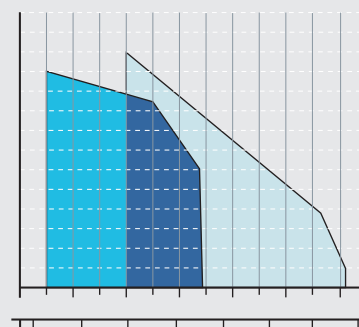

DOMESTIC SD3 LN

Easy to maintain, the D6 - D10 burners offer easy and simple adjustment, even under difficult conditions.

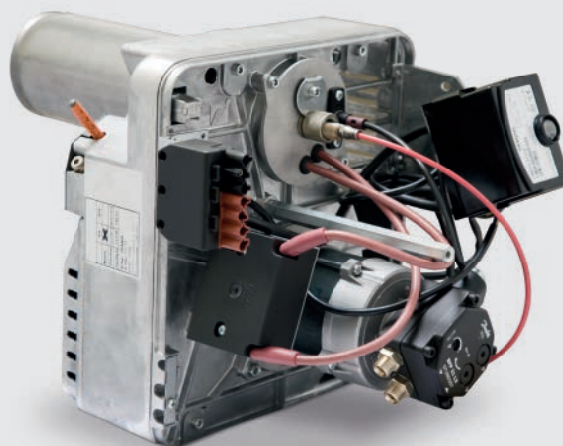

Quick access to the fuel line thanks to a clever fast connection system, without using tools.
